Information provided on this form is considered as ONE of our criteria. **Please do not request a specific teacher.** Simply outline the program you feel would best meet the academic/social needs of your child(ren). You may wish to include: learning style, teaching strategies, curriculum emphasis, parental involvement, social/emotional considerations, etc. If your request fits the criteria for placement, your request will be considered. After thorough attention to all criteria resulting in placement, children, as a rule, are not moved. Exceptions would involve unanticipated dynamics in a classroom, or reorganization due to unexpected enrolment. School initiated moves would be discussed with you prior to reassignment.
